2023	206357	Local Road	Midland County	County Wide	Tittawabasse from Sasse to Orr	0	Road Capital Preventive Maintenance	Milling and One Course Asphalt Overlay	Exemption requested	3/28/2022 w/Comment	Another low traffic rural route attractive to recreational bicyclists.	4/20/2022	
2023	212248	Local Bridge	Midland County	E Freeland Road / 9 Mile Road	9 Mile over Pine River and Freeland over Bullock Crk	0	Bridge CPM	Capital Preventative Maintenance	Exemption requested	3/28/2022 w/Comment	Freeland Rd is a low traffic road which may attract recreational bicyclists. The bridge width is better than road width. Maintenance should improve shoulder quality. Similar comment applies to 9 mile over Pine River. As both roads are low traffic and projects are preventive maintance, I am only making a comment.	4/20/2022	
2023	212247	Local Bridge	Midland County	Gordonville Road/4 3/4 Mile Road	Gordonville Road/4 3/4 Mile Road - Midland County	0	Bridge CPM	Bridge Capital Preventative Maintenance	Exemption requested	3/24/2022 w/Comment	I just want to advise that many of the low traffic rural routes in the area are used by recreational bicyclists. The bridge is narrow but as the traffic density is low, this should not represent a significant issue for NMT. As this is a maintenance project, other options are not viable.		
2023	202649	S/TIP Line items	MDOT	M-84 N (MATS Area)	Signing Upgrade from Monroe Rd to 0.23 miles south of Wackerly Rd.	29.048	Traffic Safety	Non-freeway Signing	Exemption requested	4/6/2022	Project is just a signage upgrade. However, discussion did cover the proposed NMT in the area. Not part of this project but something to be kept in mind.	4/20/2022	
2023	215711		Midland County	N Waldo Rd		2.22	Road Rehabilitation	Milling and Two Course Asphalt Resurfacing	Exemption requested	4/6/2022	Low budget project. Jog at Wackerly. No funds to do much expansion.

Hope is a nice recreational route, low traffic. Just deck replacement. Agreed to allow shoulders as structure permits, no major changes. Stark is part of the bike route proposal. On normal roads, standards are for 10 foot shoulders where bridge length is <200 ft and 4 foot shoulders where >200 ft. This bridge is just under 200' but will probably slightly exceed 200' with replacement. Agreed to use 10 ft shoulders.	5/18/2022
