

Memorandum

From: MATS STUL Project Selection Committee

To: MATS Technical Committee

Subject: Proposed STUL-funded Project List for the FY 2020-2023 TIP

Date: January 2, 2019

At a meeting on December 19, 2018 of the MATS STUL Project Selection Committee (see list of attendees below), it was decided by consensus to hereby recommend to the MATS Technical Committee the attached list of projects to be incorporated into the FY 2020-2023 Transportation Improvement Program.

In addition, due to the fact that the funding figures currently available for the ensuing years are estimated and in all likelihood will change slightly, it was recommended that the projects highlighted on the attached list be allowed to accept any actual increases in Federal funding, for those specific years, up to a limit of \$100,000, as an administrative change, if the funding is not already obligated.
