

## Safety Performance Targets Revision I

1. Reduce at Fault Safety Events & at Fault Near Miss Safety Events by 15% by June 30, 2022
2. Maintain System Reliability above 25,000 miles for Major System Failures
3. Maintain Fatality Rate of Zero (0)
4. Maintain Injury Rate of less than 0.93

**Describe the Coordination with MDOT and the MPO:** The City of Midland Dial-A-Ride has a representative on both the Midland Area Transportation Study's Policy and Technical Committees. The City of Midland works closely with MDOT to ensure all reporting requirements are met.

Targets Transmitted	Name	Date Targets Transmitted
Targets Transmitted to the State	Michigan Department of Transportation	December 17, 2020
Targets Transmitted to MPO	Midland Area Transportation Study	December 17, 2020
