

Status of Complete Streets TIP Review

<u>Project Name</u>	<u>Description</u>	<u>NMT Review Comments</u>	<u>Responsible Agency</u>	<u>JobNet Number</u>	<u>Fiscal Year</u>	<u>Status</u>
Regionwide Pavement Markings	FY 2021 Durable Pavement Marking Program		MDOT	211142	2021	Pending
Rail Grade Crossing Improvements	Railroad crossing on Carter Road (south of Sarle Road) in Tittabawassee Township This project will include the installation of flashing-light signals and half-roadway gates	This section of road is near a residential area and in an area with low traffic roads which are favored by recreational bicyclists. That said, the installation of lights and gates should have a positive impact on NMT transportation. However, if the designers are aware of any bicycle friendly options, they should be considered.	MDOT	211998	2021	Pending
Signing Upgrades	Various locations across the Mt. Pleasant TSC service area This project consists of the upgrade of non-freeway signing across the Mt. Pleasant TSC service area.		MDOT	207154	Eng. 2023 Upgrades 2024	Pending
Smiths Crossing Bridge Preservation – Iron Belle Trail Key Connector	Complete restoration of the bridge and the addition of trail connectors on both sides of the river. The road commission will add cul-de-sacs to Smiths Crossing Road to prevent motorized vehicles from crossing the bridge.	Because this is an NMT project, please keep the NMT representative informed. This may actually be more an item for the NMT representative to reach out to other organizations.	Midland Co Rd Commission	212097	2023	Pending

Rumble Strip Installation on M-20 from Leaton Rd. to Meridian Rd. (M-30)	The project only includes the installation of rumble strips along M-20 utilizing safety funds. The total amount of the work for is a little over \$100,000 for 16 miles of roadway.		MDOT	211731 M-20	2023	Pending
Reconstruction of US-10 WB from 7 Mile Rd. to the US-10 railroad bridge	This is the PE phase for US-10 WB (limited access) and will not include any nonmotorized facilities as part of the reconstruction.		MDOT	211183 US-10 WB	2023	Pending
US-10 BR	Construction of a new thru/right turn lane and modernize signal at US-10 BR and Wackerly. Sidewalks will be replaced.		MDOT	210348	2020	Pending
Countywide centerline rumble strips	Scope of work includes only adding centerline rumble strips. Funding is federal systemic safety money. Only certain types of work are allowed.		Midland Co. Rd Commission	210391	2021	Pending
